To Whom It May Concern:

Michael Arondoski has spent a great deal of time working for our company over the years. He started as a general laborer and quickly advanced to quality control and machine operation. Over the course of his employment here, Michael has always completed tasks in the time expected and gave his full attention to whatever he worked on. He showed himself to be trustworthy, came to work with a positive attitude and was always flexible regarding scheduling for urgent projects.

I have no problem recommending him as an employee in any field, and if his long-term career path was in manufacturing I'd try to keep him here. Please feel free to contact me regarding any questions you may have.

Sincerely,

Jeff Maxwell  
Vice President
